**TELEPHONIC INTERVIEW WITH NICHOL KESSINGER**

**Q=Agent Kevin Koback**

**A=Nichol Kessinger**

Q: Today is August 17, 2018. The time is 1051 am. This is Agent Kevin Koback from CBI makin' a phone call to witness in the Watts matter, Nichol Lee Kessinger at 720-656-9605. Nichol, uh, texted me last night and said that she recalled some further information after an interview with her on the 16th. So this phone call will be to update whatever information she wants to provide and address a couple other issues that were not addressed during the initial interview.

A: Hello?

Q: Hi (Nicky), it's Kevin.

A: Hi.

Q: How are you? Sorry, uh...

A: I'm o...

Q: ...sorry for the delay, I got stuck in a meeting obviously, uh, I couldn't walk out so I apologize for taking so long to get back to you.

A: That's okay.

Q: You at least got a couple hours of sleep last night?

A: Yeah.

Q: You - you sound a little bit better than yesterday.

A: I feel a little bit better, not much but I feel like sitting down just talking about all that with everybody is like - it's helping.

Q: Good. Well I think just keep that up and again if you need any- if you - if I can put you in touch with somebody from, uh, Victim Advocate to whatever I

46 can help you with just call and ask.  
47  
48 A: Okay.  
49  
50 Q: Okay?  
51  
52 A: Um, I'm gonna need you to do that once we're done talking.  
53  
54 Q: Okay. Sure I can get somebody in touch with you today. Um, and you don't  
55 need to tell me about anything, we talked about that yesterday but it might be  
56 something good for you to do and - and I can make that happen today.  
57  
58 A: Thank you.  
59  
60 Q: You're welcome. So what - you texted me about 2:00 am and said that you,  
61 uh, remembered some other information. What did you remember?  
62  
63 A: Like just kind of odds and ends. Um, and I'm sure there will be more as this  
64 goes on, I just, you know, I (unintelligible) so much that sometimes like I just  
65 have to stop and think about how much information that I have gotten from  
66 him over the last few months and the last week or so and, you know, like I  
67 said I never know what's true and what's not and...  
68  
69 Q: Sure.  
70  
71 A: ...I just figure I'll give you guys everything I have and hopefully I don't have  
72 to keep calling back with more but no promises. Um...  
73  
74 Q: No that's okay, please do. I - like I told you yesterday, anything that comes to  
75 mind that you think is important I'd like to know. Because you - again you  
76 know him better than anybody probably over the last six to eight weeks so  
77 that's - that's - anything that he said to you or anything that stands out to you  
78 as you're reflecting on all this, um, kind of mess here is important for me to  
79 know.  
80  
81 A: Understood. Um, a couple things. So, one, I went back and I tried to like find  
82 whatever texts you were talking about between my friend (Charlotte) and me  
83 with the eHarmony thing and I don't know what you're talking about.  
84  
85 Q: Okay.  
86  
87 A: Um, if you - and I - I mean her and I text so much though so like if you find it  
88 and you show it to me let me know but it's just like I mean I was on that site  
89 but it was never like worth a damn for me so...  
90

91 Q: Sure.

92

93 A: ...it wasn't really something that I ever like discussed with her. However,  
94 when I was going back through there I did realize that I had like off-handedly  
95 mentioned to her a little bit about Chris. I didn't tell her that I was like - how  
96 deep the rabbit hole went on that I guess you could say, but it was kind of  
97 vague and she was asking a lot of questions at that point but it was just like oh  
98 you know what, I did say something to her. Um...

99

100 Q: You guys - I think, um, I just looked at the - the messages and it - there's was  
101 some like little bit of conversation regarding, "Yeah he's got kids," um, there  
102 was some conversations about some sexual related stuff, and that was about it.  
103 Does that sound right?

104

105 A: Yeah that's it. But I mean I did mention it to her. And honestly we've talked  
106 since then and I haven't even mentioned him. And that girl is so wrapped up  
107 in everything that's goin' on in her life like I don't even think she realizes  
108 what's going on in the news.

109

110 Q: Okay.

111

112 A: I don't even think she's gonna connect the dots, like I would be surprised. But  
113 like I honestly am convinced that if I don't say a word about it I bet you she  
114 won't even bring him up.

115

116 Q: Okay.

117

118 A: And even if she did if I was just like, "Yeah he's not around anymore in my  
119 life," like I don't even think - I'm not concerned about her.

120

121 Q: Okay. An- and the - the only - again, the only concern I had there is there  
122 seemed like there was some conversation about a boyfriend and it doesn't  
123 seem like - so you were actually talking to her about Chris, not a boyfriend?

124

125 A: Uh, yeah I don't - I like - I look back to those texts and I'm like what is he  
126 talking about? I don't see anything about eHarmony. I mean and if it's in  
127 there, maybe it is and I just missed it but it's like...

128

129 Q: Okay.

130

131 A: ...no I don't know. I don't know, I mean everybody in my...

132

133 Q: It- it's not all that important. It's not all that important...

134

135 A: Okay.

136  
137 Q: ...so we can move past that.  
138  
139 A: Okay.  
140  
141 Q: What - what else?  
142  
143 A: Um, on Monday night so a couple things. Um, I told you we had been - he like  
144 texted me and then at the end of the night we had - he had called or I had  
145 called. I think he called me. But either way we were on the phone with each  
146 other and like parts - and at some point when we were on the phone he was  
147 like - he was like, "Do you want to FaceTime?" And I remember I was laying  
148 in bed and I was - and I was just like, "You know what, okay. Let me turn on  
149 the light." And I remember I turned on the light and we FaceTimed and when  
150 we FaceTimed he didn't really say much, like it was almost kind of awkward.  
151 I don't even know why I didn't think of this earlier but it was like - it was very  
152 short too, it was super brief. And I remember...  
153  
154 Q: Like what- what's short?  
155  
156 A: What?  
157  
158 Q: What - what is short? Like a couple of minutes or 30 minutes?  
159  
160 A: Oh no, I bet it was only probably like less than five minutes. I think it was...  
161  
162 Q: Okay.  
163  
164 A: ...only like a couple of minutes.  
165  
166 Q: Okay.  
167  
168 A: And he - I think we - we were like talking a little bit but he like - he was  
169 laying down on a mattress that didn't have any sheets on it. And, um, I was  
170 like okay, so I was thinkin' like well maybe he's like - he's in bed, I don't  
171 know what's up but I remember asking him like, "Where's your sheets," you  
172 know, and he's like - he was like, "Oh I washed 'em." And then this is the part  
173 I don't remember if this sentence right here came in this FaceTime  
174 conversation or if it came in a phone conversation prior to the FaceTime  
175 conversation but regardless this next sentence came on Monday night and I  
176 am so sorry that I cannot like always remember chronological every little  
177 detail.  
178  
179 Q: That's okay, it's understandable.  
180

181 A: There's so much. Um, but I remember he was saying that he was cleaning the  
182 house, um, to try to keep busy to take his mind off of things. And this was on  
183 the phone. And I didn't - and it was kind of late when he was doing it and like  
184 I didn't honestly think that much about it originally because that man is  
185 always cleaning, like he was very, very organized, meticulous, cleaning  
186 individual. Like he's the type of guy that will like vacuum his whole house  
187 one week and if there's rooms that don't get used he'd vacuum again the next  
188 week just because it's like part of his routine.

189  
190 Q: Okay.

191  
192 A: So the fact - so the fact that he's like cleaning to kill time and take his mind  
193 off things did not seem like a super red flag to me, um, because I was like  
194 okay well that's what he does, he just like - on his days off like he organizes  
195 the basement or he like cleans his garage, it's just - it's what he does.

196  
197 Q: Okay.

198  
199 A: And, um, so anyways so that didn't seem that, uh, like the norm for me but  
200 something that just kind of like dawned on me last night is he made the  
201 comment directly after that, he said, "I had to wash the kids' sheets," he was  
202 like, "They smelled." And I was like - was thinkin' about that last night and  
203 I'm like this man keeps that house so clean, that's like the cleanest house I've  
204 ever seen. And I - this man keeps that house so clean why would his kids'  
205 sheets smell bad?

206  
207 Q: And this...

208  
209 A: And that...

210  
211 Q: You think this...

212  
213 A: What?

214  
215 Q: ...was Monday night? What time do you think it was Monday night?

216  
217 A: Oh God, I don't even know. I almost wish you guys would show me my  
218 phone records...

219  
220 Q: So I'm gonna - I'm gonna read off your phone calls for Monday and Tuesday  
221 starting...

222  
223 A: ...(unintelligible). No it's all Monday. Just - just tell me...

224  
225 Q: Okay so...

226  
227 A: ...on Monday night.  
228  
229 Q: ...Monday night you guys had, um, we talked about, um, a phone call  
230 yesterday but you guys had a phone call Monday night, it looks like he called  
231 you, it was 48 minutes and 58 seconds, it was at 9:48 pm that he called you.  
232 Um, so...  
233  
234 A: Okay.  
235  
236 Q: ...that would take us to about 10:35 and then there's another call on Monday,  
237 it's for 51 minutes and 25 seconds it looks like. I'm not sure lookin' at this  
238 who called who but it looks like you called him and that was at 11:09 pm, that  
239 lasted 51 minutes so that takes us to, um, midnight. And then there's another  
240 phone call where he calls you - so we're now into midnight, you know,  
241 Tuesday morning, it's a 30 minute phone call, um, that lasts until 12:38 am.  
242 And then after 12:38 am there's a 2 minute and 44 second phone call that lasts  
243 for - or pardon me, that starts at 1:12 am, it's 2 minutes and 44 seconds so...  
244  
245 A: Yeah so I would almost - this is just me but I would go get my text messages  
246 with him from that night and I would like sync them up to that like timeframe.  
247 Because...  
248  
249 Q: Okay.  
250  
251 A: ...there was texting in between that. So I think what happened is he called me  
252 on that first call. And then there's that gap between the first call and the  
253 second call, in - in that gap that was when I - we FaceTimed for a few minutes  
254 and that was when I got up out of bed because I was just having trouble  
255 sleeping and I was like - I went and did laundry. That's what I did, I went like  
256 put some clo- I just put some clothes in the dryer and then I think I called him  
257 back and then we continued to talk. So that little gap right there between those  
258 two big phone calls at the very beginning of the night...  
259  
260 Q: Yes.  
261  
262 A: ...well not the very beginning of the night but the like the big, big ones at the -  
263 the first two, somewhere between that gap there's a - there's like a quick  
264 FaceTime and then there's...  
265  
266 Q: So you think that 2 minute and 44 second is the FaceTime?  
267  
268 A: The one at the very end?  
269  
270 Q: Yeah. Well so there's - there - there...

271  
272 A: No I don't - I don't - I don't - I - I don't - I don't even think the FaceTime's  
273 on there...  
274  
275 Q: Okay so...  
276  
277 A: ...'cause the FaceTime occurred in between those two big phone calls, that...  
278  
279 Q: Okay.  
280  
281 A: ...like I know.  
282  
283 Q: Okay.  
284  
285 A: 'Cause it was - so it was like one big phone call and then there's - and then  
286 there should have been - there's a FaceTime and then - and - and the  
287 FaceTime's short, it's only a few minutes. And then there's probably just a  
288 few more minutes...  
289  
290 Q: There's...  
291  
292 A: ...and that's probably - there's what?  
293  
294 Q: So there's a few more calls on Tuesday, so 1:12 is the 2 minute and 44 second  
295 call. That - so that lasts 'til, um, ab- approximately 1:14, and then there's a  
296 long gap, uh, until 1:50. So another 45 - or 35 minutes and then there's a 7  
297 minute phone call. That phone calls lasts...  
298  
299 A: Yeah.  
300  
301 Q: ...'til 1:58 am. And then there's a 10 second phone call at 2:07 am, followed  
302 by, um - so he - I think he called you and maybe leaves a voicemail or  
303 something or doesn't - you don't pick up, uh, so there's a 10 second call. And  
304 then directly after that there's a 10 minute and 24 second phone call.  
305  
306 A: Okay so I'm talking about the two at the very beginning of the - the two at the  
307 very beginning...  
308  
309 Q: Okay the lo- the two long ones?  
310  
311 A: ...the really long ones.  
312  
313 Q: And is that...  
314  
315 A: Yes. So...

316  
317 Q: ...when he's talking about the kids', um, sheets?  
318  
319 A: Yes with the shee- okay so yes, yes, yes, yes, yes. I will help you line this up,  
320 like I almost want to just come in there and like drop and drag all of my texts  
321 to where they were going with it because (unintelligible)...  
322  
323 Q: And you know what, we may meet and do that, uh, here coming early next  
324 week.  
325  
326 A: 'Cause - yeah well all those phone calls at the very end of the night, that was  
327 me freaking out. Like if you look at my texts a lot of that was like, "I can't  
328 sleep. I'm really scared. Where's your family?" That was like me freaking out  
329 and...  
330  
331 Q: Okay.  
332  
333 A: ...him calling to like try to reassure me or me calling him like, "Please talk to  
334 me, I'm super scared. Where's your family?" Like those - those little ones at  
335 the very end of the night are - are me not being able to sleep and trying to get  
336 him to like talk to me about like - and just I guess making sure everything was  
337 okay. So that - those - those like real late ones and that's why they're all kind  
338 of like sporadic 'cause I'd be up for like an hour and then I'd fall asleep for  
339 like 15 minutes and then I would like wake up and start stressin' again and try  
340 to call him back. Like so that's why there are all these like little sporadic  
341 ones...  
342  
343 Q: Okay.  
344  
345 A: ...throughout the end of the night. But those two big ones, um...  
346  
347 Q: Is - is - so yesterday we talked about Tuesday was mainly text messages  
348 regarding, um, your confrontation about his wife being pregnant.  
349  
350 A: Yeah.  
351  
352 Q: Is that accurate? Um...  
353  
354 A: It is. And I mean...  
355  
356 Q: Okay.  
357  
358 A: ...I guess - I guess those phone calls were on Tuesday morning but for me it  
359 was still Monday night. So like...  
360

361 Q: Okay I ge- I get it.  
362  
363 A: ...talking to you guys last night...  
364  
365 Q: Right.  
366  
367 A: ...that's how I refer to it 'cause I hadn't like gone to bed yet.  
368  
369 Q: Okay.  
370  
371 A: You know what I'm saying?  
372  
373 Q: Yep. No that makes sense to me. Okay so...  
374  
375 A: Okay. So - so sorry...  
376  
377 Q: ...so he...  
378  
379 A: ...so I guess those technically were on Tuesday but according to my daily  
380 sleep schedule that was still my Monday night.  
381  
382 Q: Right. So the last phone call, um, with him on Monday - well it- it's - it - it  
383 basically starts into Tuesda- um, it takes you all the way to Tuesday, it  
384 actually ends like basically...  
385  
386 A: Okay.  
387  
388 Q: ...at midnight on Monday, August 31. So, um...  
389  
390 A: Okay.  
391  
392 Q: ...his wife gets home sometime at about 2 o' clock on, um, that morning. So...  
393  
394 A: No she got home on Sunday. They got home on Sun...  
395  
396 Q: Pardon me, Sunday. She got home on Sunday so did you ever talk to 'em late  
397 on Sunday night?  
398  
399 A: No we were on the phone but I mean I - I had to let him go and get up and go  
400 to work so sometime...  
401  
402 Q: That was the 9:00 to 11:00 call that we - it was like a 2 hour phone call we  
403 talked about yesterday on Sunday night from 9:00 pm to 11:00.  
404  
405 A: And that would've been the last time that I talked to him until the work day on

406 Monday.  
407  
408 Q: And that's when he texts you at like 3:45.  
409  
410 A: No we talked during work, remember I told you he like randomly texted me  
411 throughout the day at work but it was like - it was just like bullshit  
412 conversation.  
413  
414 Q: Okay.  
415  
416 A: It wasn't anything of significance.  
417  
418 Q: No - no substance, okay. So the - the most important thing that you've said  
419 here is this Monday night phone call, um, he doesn't have any sheets on the  
420 bed and he said his children's sheets were smelly...  
421  
422 A: They smelled.  
423  
424 Q: Okay.  
425  
426 A: Yeah so let's - let's get back to that 'cause I feel like you and me are kind of  
427 getting off track.  
428  
429 Q: Yep.  
430  
431 A: So both of those - those - those - that - that first long phone call on Monday  
432 night was I think when he told me that, I don't think he told me that in the  
433 FaceTime text - I mean in the FaceTime conversation, I think he told me that  
434 in the first conversation where he was like, "Their sheets smell." And I  
435 remember thinking to myself like why, like you keep such a clean house, like  
436 why would your kids' sheets stink? And like it just didn't really click. And  
437 then last night I was...  
438  
439 Q: Did you - did you confront him why they...  
440  
441 A: What's up?  
442  
443 Q: Did you confront him why the sheets smelled or did you inquire why?  
444  
445 A: No. No, no, no, no I didn't even ask. I didn't even ask.  
446  
447 Q: Do you know his - I mean, uh, his children were quite young and I think one  
448 of 'em was still in diapers, um, would - would that have been a potential  
449 reason, you know, that one of 'em had an accident or did it seem like that's  
450 not what he was talking about?

451  
452 A: I don't know. I mean he didn't elaborate.  
453  
454 Q: Okay.  
455  
456 A: He was just like - I mean like I said he always cleans the house but even if his  
457 kids were to be in diapers and like have accidents like I just feel like the man  
458 keeps his house so clean and she does too, they both must have to to like  
459 coexist in a house that clean but like I just don't see anything in that house  
460 like smelling.  
461  
462 Q: Okay. All right.  
463  
464 A: So that was why I brought that up 'cause I was like whoa okay. Um...  
465  
466 Q: Very important, thanks for remember that.  
467  
468 A: Yeah I'm trying, I'm really trying to help you guys. I just - I need you guys to  
469 help me too...  
470  
471 Q: Yes, ma'am.  
472  
473 A: ...like we will do this as a team but just don't...  
474  
475 Q: So the - the reason...  
476  
477 A: ...fuckin' let me down please. I...  
478  
479 Q: ...why, um, we can't - like I do - I think, uh - I did think about this yesterday  
480 that I would like to sit down with you once we, um, have your text messages  
481 and the phone calls and we can put 'em on - in a - a some type of easily look-  
482 that we can sit down and look at them and compare them and we can kind of  
483 get the context of how everything was going that night, I would like to do that  
484 with you. Unfortunately - so the download that we got yesterday is gonna  
485 take, uh, multiple days to be analyzed, I probably won't have it back 'til next  
486 week. And then - because you guys did have so many, um, text messages, uh,  
487 there's - one of my analyst is working on getting those in order so we can put  
488 something together where we can actually sit down and discuss it. But I do  
489 think that's something that we would - I want to do in the near future, some  
490 time probably next week.  
491  
492 A: I mean I can do that, I don't mind giving you guys my time, I just need you  
493 guys to like help me with my employer and try to just help me brace for this  
494 media thing and just try to help me - help me...  
495

496 Q: So I think your personal mental health is the number 1 issue so let me help  
497 you with that and getting a victim advocate to call you, um, and you can  
498 address questions of employment with them. I think they're better suited to  
499 answer those questions than I am. Um, so I - I would ask you to direct  
500 questions to them, if they can't answer 'em, um, I'll try to help you as best as I  
501 can. I think you have a personal decision to make on what you want to do with  
502 your employer. Um, I think you're - you're kind of backed into a corner, um,  
503 and - and you are gonna - it's a tough decision, do you want to inform them of  
504 what was going on but, um, I will tell you that I think that when they started  
505 looking at information for us, um, and I clarified this this morning because I  
506 didn't do some of the work on this but there was either text messages or  
507 emails between you and Chris that were on...  
508

509 A: They were texts.

510

511 Q: Yeah they were on company related phones, or on company- company related  
512 computers that, um, they were privileged to look at, so they already know  
513 about you. Okay? So...  
514

515 A: Yeah I just - I don't know if I'm gonna keep my job, I hope that they don't  
516 fire me for that. I mean technically I'm not an APC employee and he is and it  
517 was his phone and not mine so like...  
518

519 Q: Well I don't - I don't...

520

521 A: ...I think...

522

523 Q: ...I don't think that's fire- like I - I don't think labor law, I'll just put it that  
524 way. I think that you - you know, whatever. I mean people have relationships  
525 at work and you guys were smart enough to stop the stuff, I - however you  
526 guys did it. Do - is it an unusual circumstance that two people who got  
527 together at their place of employment this terrible tragedy happened, yes. Do I  
528 think that they are gonna do anything to you? I don't think so. I mean if you  
529 read the paper today you saw they already fired Chris. I mean that...  
530

531 A: Oh yeah, well, uh, they should but...

532

533 Q: Right.

534

535 A: ...I'm hopin' they're not gonna fire me too.

536

537 Q: Well and I think you need to head that up...

538

539 A: That would suck.

540

541 Q: ...um, I think - if it was me -- and this is just a personal, this is not a  
542 professional opinion, it's a personal opinion because I'm trying to help you as  
543 much as I can -- I would - I would reach out to your employer and just say, "I  
544 want to come and talk to you." But maybe talk to these - talk to you EAP  
545 peop- people first and let me get you in touch with a victim advocate 'cause  
546 again I think you're mental health is more important right now than even your  
547 employment and I want you to make sure that you're comfortable and safe in  
548 everything that's happening an then make some, uh, you know, professional  
549 decisions and in - in regards to your employment. Okay?  
550

551 A: Okay.

552

553 Q: So let me do that...

554

555 A: Yeah and we can - we can...

556

557 Q: Uh...

558

559 A: I - go ahead.

560

561 Q: No I have a couple more questions that don't relate to anything that we just  
562 talked about. Is there anything else that you remembered last night that you  
563 want to address?  
564

565 A: Yeah a few so, um, I'm not done yet.

566

567 Q: Okay.

568

569 A: Um, and then, um, and then we can talk about that whole thing too 'cause I  
570 was actually gonna see if I could email them today, I was gonna email my like  
571 upper upper boss and - and I was actually gonna call her and see and just ask  
572 her if she can ha- she's (Unintelligible), see if she can have a scheduled sit-  
573 down with my employer (Unintelligible) and schedule a sit-down with EAP  
574 and I want to get in a room with 'em all at the same time and just give them  
575 kind of brief synopsis of what's going on and just ask them for help and see  
576 what they have to say. But...  
577

578 Q: Yeah.

579

580 A: ...I was gonna tell you...

581

582 Q: I think that's a good plan.

583

584 A: ...what I was gonna say to them and just ask your opinion on it 'cause I don't  
585 want to give them too much.

586  
587 Q: You do not need to tell them anything about the investigation or anything  
588 about what we discussed. Um, from my standpoint, the investigative pieces  
589 that we've talked about and, um, specifically things that relate directly to, um,  
590 specifically things that relate directly to, um, why something may have  
591 happened or timeframes...  
592  
593 A: Right.  
594  
595 Q: ...or things like that, they don't need to know that. I think...  
596  
597 A: Oh I wasn't gonna tell them that, I was just...  
598  
599 Q: Yeah.  
600  
601 A: ...gonna let them know that I was involved with this case and...  
602  
603 Q: You were in a relationship with him.  
604  
605 A: ...that I was...  
606  
607 Q: Yes.  
608  
609 A: ...that I'm like a witness to this case and that right now it's pretty quiet but,  
610 you know, in a few weeks given how everything goes it might become kind of  
611 a media frenzy and I was just gonna tell them like, you know, I mean I didn't  
612 commit any crimes and I'm not in trouble but I'm...  
613  
614 Q: Right.  
615  
616 A: ...working with the prosecutor to try to help to bring some closure to this  
617 horrible thing and then just tell them like, you know, I just - I don't think the  
618 media is gonna portray a very nice picture of me and it's just an unfortunate  
619 circumstance and, you know...  
620  
621 Q: I - I think that your projection of whatever's gonna happen with the media can  
622 be reserved until that time. I don't think - I know that's like your biggest fear  
623 in this but right now I would not even addr- I wouldn't address anything that  
624 hasn't happened, I think I would simply tell them, "Look, I - I am involved in  
625 this case, I'm a witness," and - and I, you know, whether or not I think they  
626 already know and I'm sure Anadarko is gonna talk with whoever your  
627 employer is to make them aware of that, and then, "Hey I had a relationship  
628 with this guy," and that's all they need to know. They don't need to know  
629 anything else. Um, and - and then - I mean you have to protect your, um, your  
630 employment and - and your personal wellbeing. So think of the best way to do

631 that and just minimal information, you don't have to tell them very much. But  
632 I do think you're, uh, on the right track of getting ahead of it. Uh, but again  
633 I'm - I can't - I'm not an attorney, especially a labor attorney so you - you  
634 have to make decisions for yourself on that. But the - some of the people, um,  
635 here in the victim advocate realm may be able to give you some better advice,  
636 uh, than - than I.

637

638 A: I was hoping to do that today...

639

640 Q: Sure. I will make a phone call...

641

642 A: ...(unintelligible)...

643

644 Q: ...today and, um...

645

646 A: ...just get the ball rolling on this because...

647

648 Q: Yep.

649

650 A: ...I would like to either go to work on Monday or...

651

652 Q: Yep.

653

654 A: ...like figure out what is going on...

655

656 Q: Yeah.

657

658 A: ...just like a fresh week and like try to put my life together...

659

660 Q: Yep.

661

662 A: ...'cause I think it will help.

663

664 Q: Yeah. I think getting back to work and not sitting there and dwelling on this at  
665 every moment is gonna be very beneficial to you. So...

666

667 A: Understood.

668

669 Q: ...I - I will reach out to those people who handle that today, if I had a name I'd  
670 give it to you, I don't, um, but I'll see who's available. Okay? So...

671

672 A: Okay. Because I want to...

673

674 Q: ...what other...

675

676 A: ...I want to reach out to them today and...

677

678 Q: Okay. I'll...

679

680 A: ...get that (unintelligible)...

681

682 Q: ...I - as soon as we're done here I'll - I'll make that my next priority.

683

684 A: Thank you.

685

686 Q: What - what other things is there that, um, you thought of last night?

687

688 A: Oh, um, so I don't know when this phone call conversation happened, I think

689 that this was Monday at some point as well, I think it might have even been

690 the same phone conversation as him washing the sheets and everything. Um,

691 he - I think it might have been the same conversation. Um, he informed that

692 her friend (Nicky)'s son, uh, was at the house when the cops came and that he

693 was runnin' all over the house and up and down in all the rooms. And at this

694 point I was like, "Well is anything missing," because I was thinking on

695 Monday that this girl had just left for the night so I was like, "Well maybe if

696 she's staying with (Nicky) or somebody maybe she forgot some stuff so

697 maybe their son, you know, they're like sending him in like hey go get a

698 toothbrush or go get this or go get that," like I didn't - I didn't know. And so

699 he's like, "Yeah this little kid was like runnin' all over my house and in all the

700 different rooms in my house." And I was like, "Well is anything missing?"

701 And he was like - he was like, "Well there - I think there's some blankets

702 missing from my kids' rooms but I don't think he took 'em, I think she did."

703

704 Q: Okay. So he said little kid, do you know how old this man was or boy was?

705

706 A: Oh (Nicky)'s son? I don't know.

707

708 Q: Okay.

709

710 A: I think he's like 10 or 12, like I think he's like a - like a - yeah I don't know, I

711 think he's like 10 or 12. Like old enough to like process information and run

712 around his house.

713

714 Q: So he said he thought that the kid didn't take 'em but that maybe, um,

715 Shanann had taken them?

716

717 A: Yes.

718

719 Q: That's, uh, weird. Okay. So (Nicky)'s son, he's like 10 to 12. And, um, I'm

720 just making some notes, just a sec.

721  
722 A: Take your time.  
723  
724 Q: Okay. What else?  
725  
726 A: Um, let me see, let me see, let me see. Um, I don't know, I feel like I have a  
727 list in my head and I almost wrote it down but I didn't want to put it on paper.  
728  
729 Q: So how about this and I was gonna mention this last night but I think both of  
730 us were pretty tired, um, and we were - we were there for a long time  
731 yesterday. So if you have a thought, keep a notepad and a pad and paper with  
732 you and write it down. And then that way you don't lose it. That - that way  
733 you - and then you can just call me and we can discuss it and - and we're  
734 done, um, and then move on, then you don't have to think about anymore.  
735 Does that sound like a decent idea?  
736  
737 A: It does.  
738  
739 Q: Okay.  
740  
741 A: I don't know what else I was gonna tell you. Oh, well - oh when we  
742 FaceTimed too, so let me go back to that too. So I think all of this was on  
743 Monday. So I think that both the comments about the blankets and sheets were  
744 on that first phone call on Monday. And then directly after that phone call  
745 there was like a brief FaceTime. And when I FaceTimed him he was like - he  
746 was laying on a bed that didn't have any sheets on it.  
747  
748 Q: Okay.  
749  
750 A: And I remember - and he was like in, um, just like - like a little - like little  
751 wife-beater top and he didn't really say much. It was like he wanted me to talk  
752 to him, he's like, "I just wanted to see your face." And he like wanted me to  
753 talk to him but he was like kind of quiet and actually that was why I got off  
754 the phone with him and then did laundry and then I would call him back on  
755 the phone. Because when we were FaceTiming it was like kind of weird, I was  
756 like, uh, I don't really know where this is going, like you're not really having  
757 a conversation with me, like he...  
758  
759 Q: So he was just removed, he - he wasn't very engaged in the conversation?  
760  
761 A: He was just like really fixated on like me, like I bet you if I wouldn't have  
762 talked he would've been okay with it.  
763  
764 Q: Just staring at you?  
765

766 A: Yeah. I mean it was just like it was really brief too, like it was sh- super short  
767 and I was just like this is not going anywhere. And I remember telling him  
768 like, "I will call you back, let me go do some laundry." So I like got out of bed  
769 and went and threw some clothes in the dryer that I had forgot to put in the  
770 dryer prior to laying down. And then, um, I don't know, I think I might've did  
771 like one or two other little quick things and then I got back in bed and I called  
772 him back on the phone and that's when that second long phone call starts.  
773

774 Q: Okay. All right, great. Anything else?  
775

776 A: Um, off the top of my head, I don't - I don't really think so. I mean I did want  
777 to make a comment to you though like, um, the other gentleman that was in  
778 the room last night, I do not remember his name...  
779

780 Q: His name was Tim.  
781

782 A: Uh, Tim, that's right. I knew it started with a T and I couldn't remember it.  
783 Um, he was askin' me like, "Oh did you guys ever talk about (unintelligible),  
784 stuff like that?" And here's the deal, like when it comes to Chris or any other  
785 man that I've ever had in my life like I always discuss important things like -  
786 like where do you want to be in five years like, you know, ge- are these the -  
787 is this the type of man that wants to have kids and in his case, more kids, like  
788 are you - like what type of house do you want to live in, like where are you at  
789 financially, like we started going over this last night and - and, you know, one  
790 thing that I want to express is when I had these conversations with him it was  
791 not me saying I need a house and I want to get married now and I want to  
792 have babies now, it was never like let's just leave your old life behind and  
793 start any of this. It was literally just like inquisitions of where do you see  
794 yourself, like if you and me ended up in like a long term relationship like what  
795 are you looking for. And for me it's not because I'm trying to rush into a  
796 relationship, it's because I want to know what I'm getting into. I've seen  
797 people that are together for three or four years and never have the  
798 conversation of whether or not they want to have kids...  
799

800 Q: Okay.  
801

802 A: ...or things like that. Do you know what I'm saying?  
803

804 Q: Yeah, no...  
805

806 A: And it's just - I (unintelligible) to me so - so that's why I ask those questions...  
807

808 Q: And ma- no it makes sense.  
809

810 A: ...but it was never like...

811  
812 Q: It - it makes sense to me, I understand. I kind of got a picture of who you are,  
813 you're very organized, you're very thoughtful, uh, you - like I said, you seem  
814 very intelligent and you make some decisions based on fact. And so you're -  
815 you're, uh, inquiring if these people have, uh, their life together. So it - it - I -  
816 I understand why you're asking those questions, it - it makes sense to me from  
817 a standpoint of who - what I can who you are and how you do things. So, um,  
818 it makes sense to me. Yep.  
819  
820 A: Okay I just - well and I just - I hope he didn't like misinterpret any of that but,  
821 you know, I always really tried to tell this man like, "Hey we need to take this  
822 slow," so I don't know, he never seemed like he really wanted to take it that  
823 slow. I think he was like in fifth gear like the entire time, you know, and it  
824 was me that was trying to tell him like, "Hey you don't need to be like that."  
825 And - and shame on me I think if I'm in a relationship with somebody who's  
826 like trying to move a lot faster than me then maybe it is up to me to hit the  
827 brakes. 'Cause like honestly he was so kind to me that I just had a really hard  
828 time being like why am I gonna push him away.  
829  
830 Q: Sure.  
831  
832 A: And so I didn't. And it is what it is...  
833  
834 Q: Well I can see in your...  
835  
836 A: ...um, I just...  
837  
838 Q: ...in the cards that your provided yesterday, I - I looked at them this morning,  
839 um, I think the earliest one was dated your birthday and he was quite, uh,  
840 enthralled with you at that time and you guys hadn't even been dating about a  
841 - a month by your account.  
842  
843 A: Oh I think we probably had sex maybe like twice at that point.  
844  
845 Q: Right. And - and you started dating in June...  
846  
847 A: It was super early.  
848  
849 Q: Right, you guys dated - started dating in June, so you're having sex two times  
850 by the time he sends that card. And then the next one is like July 30 if I recall  
851 and I mean he is basically telling you he's infatuated with you. And then he  
852 hand writes a note, um, that says, you know, you're his life, i- is the way I  
853 kind of read that. So I mean he was - he was very, um, he - I can see what you  
854 mean by him moving very quickly. Uh, that...  
855

856 A: Yes. I mean...

857

858 Q: ...that's obviously just in those cards that you provided.

859

860 A: Yes. Yes. You know, and - and even then like when I read these I'm like it

861 was a little much for me and I was like damn, like he even gave me two of

862 'em on one day and I was just like - it was - it was a lot but at the same time it

863 wasn't really like a red flag, like I don't know, I've dated a lot of douchebags

864 in my life so like having a guy that like wants to get me cards and roses and - I

865 mean flowers and stuff I'm like, you know maybe I'll just like roll with this

866 and see what happens. Like it was very different than anything that I ever had

867 but it wasn't uncomfortable, like it was more respectful than anything I've

868 ever had so I didn't like - it didn't really register to me like hey this might be a

869 problem. Like usually it's the people that treat you really bad where you're

870 like hey this is an issue. So it didn't click, you know, and now I'm looking

871 back and I'm like whoa, like I don't even think that this guy necessarily was

872 like in love with me, I think this guy was like lusting over me a lot.

873

874 Q: Right. I think that's a fair assessment. So let's - let's move on from - from that.

875 Um, I - there's a couple questions I didn't, uh, ask you yesterday and their

876 very specific. You mentioned you guys - obviously you're into fitness and so

877 was he, did you guys go to the same gym?

878

879 A: No. He worked out in his basement. I never went to the gym with him.

880

881 Q: Okay so he - do you know him to go to any gyms? 'Cause you said like you

882 were planning for his apartment and how he could get to his gym and then do

883 his day - kids, uh, school and then to work.

884

885 A: Well yeah, I was trying to get a - 'cause he was gonna have to go to a gym if

886 he had an apartment because he's not gonna be able to set up all that gym

887 equipment in an apartment.

888

889 Q: Okay. So he...

890

891 A: So - so right now...

892

893 Q: ...you know him...

894

895 A: ...he works out out of his house...

896

897 Q: Okay.

898

899 A: ...but if he were to move, just because he's downsizing so much I don't think

900 he has that capability. I mean I would love to have a gym in my apartment,

901 that would be nice but I just didn't think he had the capability so that's why I  
902 brought it up. Like 'cause we were even discussing like what gym do you  
903 want to go to, you know, and he was like, "Well there's an Anytime Fitness  
904 over there," and I was like, "Well it's, you know, it's close, it's open 24/7 and  
905 it's big," like we had all sorts of discussions about that.

906  
907 Q: Okay. But you don't know him to ever have visited a gym?

908  
909 A: Not in the time that I, um, was spending time with him. Now he did like  
910 workout with me one day at my house, like we did a little bit of yoga and like  
911 a - like an ab routine, I showed him an ab routine but it wasn't at a gym...

912  
913 Q: Okay.

914  
915 A: ...it was literally like on my living room floor on some yoga mats.

916  
917 Q: All right. And what gym do you go to?

918  
919 A: I go to 24 Hour Fitness.

920  
921 Q: Which one?

922  
923 A: Uh, the one - it depends on the day but, uh, usually the one off of - it's like  
924 Bradbur- it's like Vrain and 120th.

925  
926 Q: R- Rain? What street, I'm sorry?

927  
928 A: I think it's Vrain...

929  
930 Q: Oh, Vrain.

931  
932 A: ...V-R- like Victor...

933  
934 Q: Mm-hm.

935  
936 A: ...Vrain...

937  
938 Q: Yep.

939  
940 A: ...um, or Bradburn. But it's - it's - it's over there, I think it's the Broomfield  
941 one but it's the big one, like just west of the highway.

942  
943 Q: Okay. And, um, so we asked last night, we - we were talking a little bit about,  
944 you know Chris' dramatic, uh, weight loss during, uh, the first period of him  
945 working out and becoming a better eater, and I asked if he was taking any

946 narcotics, such - and you said no. The one question I didn't ask, do you know  
947 him if he ever took anything, other illegal substances other than, you know, I -  
948 most people when I say narcotics and I need to be more specific, you know,  
949 would si- think meth or something to that effect, but steroids or any of those  
950 things? Did you - do you know him to use any of those?  
951

952 A: Not that I'm aware of at all.

953

954 Q: Okay. So that leads me into, uh, Shanann was a promoter for - a lack of better  
955 term for this product called Thrive.

956

957 A: Yeah I know a lot about that.

958

959 Q: Okay.

960

961 A: He was always doing that, is that considered like a - I consider that a  
962 supplement, not like a drug. But maybe...

963

964 Q: So - so can you just...

965

966 A: He always had that stuff.

967

968 Q: So it's a patch, right? I don't know a lot about it but Chris - so Chris was  
969 always...

970

971 A: I don't either.

972

973 Q: ...using Thrive?

974

975 A: Always. He always had at least like two of those things stuck to him  
976 somewhere. He tried to get me to use 'em but I was like, "Uh, no. Like I just  
977 eat clean, go to the gym and I stay fit. I'm not gonna stick some little thing on  
978 me."

979

980 Q: So you think it's just some kind of supplement?

981

982 A: Uh, I kind of, I don't - I think it's bullshit honestly but it's just me. I don't, uh  
983 - I don't - I just I don't know, I mean I've always - I just - I eat natural foods  
984 and I go to the gym like four or five days a week. I don't even workout that  
985 hard to be honest with you, I still eat cheap meals, I still enjoy my weekends,  
986 I'm not like a super gym addict and I've always stayed in shape so when he  
987 came to me he was like, "Thrive helped me lose weight," and I never like  
988 dogged that. I was just like, "If that's what it helped you do that's great." But  
989 he said he plateaued on it and I was like, "Well because you're not eating  
990 healthy, you know, because you don't need to on that stuff but you can only

991 lose so much weight on like diet supplements and diet plans before you like  
992 get stagnant.” And then he was like, “Well I want to eat healthier,” and so that  
993 was when I was like, “Well I’ll help you like to - to get stuff, you know, just  
994 to show you how to eat healthier and like how to do that.” And he was kind of  
995 - I was trying to get him to like do it on his own but I was just kind of giving  
996 him some basic steps just from what I know from just my experience and I  
997 don’t know, being in health and fitness like lifestyle for the last four or five  
998 years.  
999

1000 Q: Okay. So Thrive for him was something that he used on a daily basis at least  
1001 two patches on at all times you said, um, but you don’t think - for you you  
1002 don’t - it’s just a supplement and it - from what I di- my brief research over  
1003 the last couple days is kind of a, uh, product that might give you energy and  
1004 helps you lose weight and there’s kind of a life coaching sup- uh, part of this  
1005 thing in there? Is that a fair assessment of what you know Thrive to be?  
1006

1007 A: Yeah I guess. Like I’d have him try to explain it to me a couple times and he  
1008 really couldn’t explain it to me, like I don’t even think he knows in full depth  
1009 exactly what that stuff is.  
1010

1011 Q: Okay. Fair enough.  
1012

1013 A: ‘Cause I was just like - ‘cause he’s like, “Do you want some of this?” I’m like,  
1014 “No,” I’m like, “If you could tell me what it is then maybe I will try it,” but I  
1015 mean I still - I think I even still have two of those patches in my purse that he  
1016 gave me. Let me see ‘cause I never used ‘em, I was like what am I going to do  
1017 with this? Um, let me see. I might have them. I don’t know, maybe I don’t.  
1018 Yeah I do.  
1019

1020 Q: Okay so you have some patches that he gave you?  
1021

1022 A: Yeah and I never used ‘em, like those have been sittin’ in there since probably  
1023 close to the time that we started hangin’ out...  
1024

1025 Q: Okay.  
1026

1027 A: ...’cause I forgot I had those ‘til just now.  
1028

1029 Q: All right. Okay those are the only questions I had. Um, so if you’ll do me a  
1030 favor and as, uh, new thoughts come up just write ‘em down so you don’t lose  
1031 ‘em and then give me a few hours and let me try to get some arrangements  
1032 made with a victim advocate to reach out to you regarding, uh, some of your  
1033 struggles here. And I’ll get back to you with that person’s name so you know  
1034 who they are.  
1035

1036 A: Okay. Okay I thought - there's something else, see now I'm remember these  
1037 things that I was gonna tell you today.  
1038

1039 Q: Okay.  
1040

1041 A: So, um, you and (Mark) both asked me this question, so Saturday when he and  
1042 I went out to dinner, you and I - you guys both asked me, you said, "So he  
1043 came to pick you up?" So I'm like, "Is this a trick question? No he didn't  
1044 come pick me up, I told you guys we drove my truck and he never picked me  
1045 up." Um, but I'm assuming it something of significance that you guys both  
1046 asked, what it is it's not my business but, um, I don't know if it really matters  
1047 at all but he drove my truck, I didn't. Like we drove my vehicle, he just was  
1048 the one operating it, I don't know if that really matters at all, like...  
1049

1050 Q: No.  
1051

1052 A: ...like I don't know if that's even relevant but I didn't think so.  
1053

1054 Q: I'll - I'll just ex- that's just a ques- so we were trying to verify what vehicle he  
1055 was driving 'cause we didn't know if he had more than one vehicle. That's all  
1056 I was lookin' for.  
1057

1058 A: Oh no, no, no.  
1059

1060 Q: Okay?  
1061

1062 A: Okay. And then, um, on that note he...  
1063

1064 Q: And again, you said yesterday the - the only car he had is the Lexus.  
1065

1066 A: Yes. And then you guys also asked too, you said, um, "Did he mention a  
1067 Rockies game," and you asked me that last night about Saturday when him  
1068 and I went out and you're like, "Did he mention a Rockies game," and the  
1069 first thing my brain thought of was, "Well no, we went to go watch the  
1070 Broncos game at that restaurant and didn't even watch it." And then I got to  
1071 thinkin' about it and I was like he did mention a Rockies game. He told the  
1072 babysitter that was watching his kids on Saturday night that he was going to a  
1073 Rockies game.  
1074

1075 Q: Okay do you know why he lied to her?  
1076

1077 A: Probably because nobody knows about us.  
1078

1079 Q: Okay. All right, that makes sense. 'Cause we - so we had heard you - that he  
1080 had gone to a Rockies game so we - that's why when, you know, when we

1081 found out about you what we were suspicious about him having, um - uh, a  
1082 girlfriend. So that's - those were the lines of questions and don't read too  
1083 much into the questions because the questions I have for you might not mean  
1084 anything or they might mean a lot. So, um, they're - they're more sometimes  
1085 just to tie pieces together and tie timeframes together and to answer other  
1086 questions that we don't have answers to so don't - don't dwell into things too  
1087 much like, you know, if he drove your truck or not. If we ask you something  
1088 just be truthful, um, and give the response and then, you know, don't - don't  
1089 dwell on what we're asking for 'cause it's just gonna drive you mad.

1090  
1091 A: Yeah I know, I promised myself - I read the news this morning, I found out  
1092 where they found those little girls, it's so disgusting, that's so scary. And then  
1093 I promised myself after that, I was like I'm not gonna read the news for the  
1094 rest of the day and I've been in a much better mood so...

1095  
1096 Q: There you go.

1097  
1098 A: ...that's definitely helping. But I, uh, I did read something last night, a phone -  
1099 an article and again I know how the media is but, um, I did read something,  
1100 uh, where they interviewed one of his friends and his friend said that Shanann  
1101 before all this happened was like getting ready to leave him and that she was  
1102 suspecting infidelity with him and that she had told her friend that, and it just  
1103 like made my stomach sink because I was just like praying like I really, really,  
1104 really, really hope that whatever conversation they had that night that like  
1105 sparked all of this shit was not about me.

1106  
1107 Q: Right. Okay. Again, I don't think we ever - I - I told you I don't think that  
1108 there's an answer for, uh, any of those questions right now, I think there's a  
1109 multitude of reasons why these things happened. And - and trying to pinpoint  
1110 or, uh, put a finger on why this happened or blaming yourself is not really  
1111 gonna do you any good. Uh, just like yesterday you were concerned that you  
1112 should've called the police on Monday, and really you didn't have - I - with  
1113 your assessment of going on there would be no reason for you to. Now the  
1114 other people, like I said yesterday, they had war- more information than you  
1115 did and they took a step that you didn't because of that information. And the -  
1116 the same thing goes for this, there's no don't - don't beat yourself up over, uh,  
1117 what has occurred. I mean this is out of your control, you didn't do anything  
1118 to th- this woman and - or her children. Um it's, you know, unfortunate for  
1119 you that you're tied into this but it's not your doing so don't beat yourself up  
1120 too much about it.

1121  
1122 A: You know, (Mark) put it pretty good the other day, he told me, he said, "You  
1123 didn't do this, Chris did this."

1124  
1125 Q: That's right.

1126  
1127 A: He said, "You are not on trial, he is on trial." And I was just like that is a good  
1128 way to look at that. I, um - okay well, um...  
1129  
1130 Q: Okay. Keep that in mind, you - I mean...  
1131  
1132 A: ...well I...  
1133  
1134 Q: ...there's things that happen in our life every day that are out of our control  
1135 and unfortunately this one is - is a massive issue but is there something you  
1136 could've done -- I think we asked this question -- was there something you  
1137 could've done to prevent this from happening? And although I didn't maybe  
1138 ask it that way yesterday your answer was, "I didn't know this was gonna  
1139 happen." Um, so if you didn't know it was gonna happen, he never made  
1140 mention of this happening, um, then what are you to do to prevent it?  
1141  
1142 A: Right.  
1143  
1144 Q: Right?  
1145  
1146 A: Understood. Uh, well like I - well and I mean but sometimes I still think about  
1147 like did he just really like lose his shit that night and he was just so upset that  
1148 he like, you know, decided to take out his whole family, I'm like or was he  
1149 like plotting this whole fucking thing? I don't know. I mean okay so now I  
1150 (unintelligible) more stuff. So then another thing - so (unintelligible) that I  
1151 think one of the most significant phone conversations that I had with him, two  
1152 things - so one of the most significant phone conversations I had with him was  
1153 that very first one on Monday night 'cause that was the one where he talked  
1154 about the sheets and that was the one where that he was wishing and that's  
1155 when he talked about the blankets missing from the kids' room, and that was  
1156 also the one where he talked about trying to freakin' get her wedding ring  
1157 appraised.  
1158  
1159 Q: Right.  
1160  
1161 A: Like all of that like really creepy shit happened like in that...  
1162  
1163 Q: Okay.  
1164  
1165 A: ...phone call. And that was when I really - really started getting scared. And  
1166 you'll probably see that when we link up those texts. Like...  
1167  
1168 Q: Okay.  
1169  
1170 A: ...I sort of I think almost every - it was probably every other text I was saying

1171 to him was just like, "I'm really scared. I'm really scared."  
1172  
1173 Q: Right.  
1174  
1175 A: And I think that that was when I was just like okay I'm creeped out. And then  
1176 like Tuesday nothing gotten better and then I found out he was lying to me  
1177 and I was already kind of creeped out from the night before and I was like  
1178 okay, you know, and - and I didn't even realize it until you guys were like,  
1179 "Try to just think back on some of that." And then last night I was just like  
1180 thinking about all those phone conversations that we had on Monday night  
1181 and I'm like you know what, those were really uncomfortable, in fact, they  
1182 were so uncomfortable I ended that Skype conversation because...  
1183  
1184 Q: Right.  
1185  
1186 A: ...it made me so uncomfortable.  
1187  
1188 Q: Okay. Well ha- hand tight, let me go make some phone calls and try to get th-  
1189 things in order for, uh, somebody to call you. And again, write down any  
1190 thoughts that you think are relative. The information you provided today is,  
1191 um, very - was very important and I thank you for reachin' out and providing  
1192 it to me.  
1193  
1194 A: Okay.  
1195  
1196 Q: Okay?  
1197  
1198 A: Um, I will do that. Can I call you back pretty soon though 'cause I really...  
1199  
1200 Q: Yeah I - I'm - I'm gonna jump on...  
1201  
1202 A: ...need to get on a roll - roll with like this Anadarko thing.  
1203  
1204 Q: Yep, I'm gonna walk out of the office that I'm in right now and go talk to the  
1205 people who handle that, uh, and see if we can get somebody in touch with you  
1206 sooner rather than later.  
1207  
1208 A: Thank you.  
1209  
1210 Q: All right.  
1211  
1212 A: Should I - wai- wai- wait, should I wait to talk to my boss before I talk to  
1213 them or (unintelligible)...  
1214  
1215 Q: I - you might want to talk to them first. Um, you - you know, it's a decision

1216 that you need to make. But it - I think they're gonna be more interested in  
1217 your personal health and that certainly revolves into your personal and  
1218 professional life so you might just give them a minute to talk to you and then  
1219 you can - that might help you make a decision on what you want to do.  
1220

1221 A: I think that sounds great. I appreciate you taking the time to do this. Um, I  
1222 know I had five things I wanted to say to you and I only remembered like four  
1223 of them so I might like text you or call you...  
1224

1225 Q: Perfect.  
1226

1227 A: ...or something later and let you know...  
1228

1229 Q: Would...  
1230

1231 A: ...if I think of something.  
1232

1233 Q: Yep.  
1234

1235 A: But I think that I got the big ones out of the way on that.  
1236

1237 Q: Okay. It's the - it's best to text me, uh, because -- um, I didn't mention this is  
1238 in the beginning but you probably know -- any time we talk I record it,  
1239 especially regarding the information that we just discussed so if you text me  
1240 then I can move to a quiet area so I can run a recorder. Um, that way both  
1241 what you say to me is, you know, I don't misrepresent what you say, uh, it's -  
1242 it's coming out of your mouth and that's why it's recorded. Okay?  
1243

1244 A: Is this gonna be one of those things where if it goes to trial they'll like hold  
1245 me accountable for every single little itty bitty word 'cause sometimes...  
1246

1247 Q: I - I told you - I told you last night just remember, um...  
1248

1249 A: ...I don't remember the exact words...  
1250

1251 Q: ...yo- you'll be - if it does go to trial there'd be some prep but again, you just  
1252 tell the truth as you remember it and that's all you have to do. And nobody  
1253 expects anybody in, uh, you know, three months, six months, nine months,  
1254 five years, whatever it might be, to remember exactly what somebody told me,  
1255 uh, in that span of time ago. So you just be - don't worry about that right now.  
1256 We'll cross that bridge when we get there if it ever gets there. Okay?  
1257

1258 A: Sounds good.  
1259

1260 Q: All right. Take care and I'll call, uh, either I - I will call you and give you the

1261 name of the person who's gonna reach out to you.  
1262  
1263 A: Can you do that? 'Cause I have like - so at this point forward (Mark) was just  
1264 like, "If you don't know if media's gonna call or anybody," he's...  
1265  
1266 Q: Yep.  
1267  
1268 A: ...like, "I'd make people leave a voicemail and...  
1269  
1270 Q: Sure.  
1271  
1272 A: ...just don't answer 'em (unintelligible)."  
1273  
1274 Q: I will give you - I will call you and tell you their name and their phone  
1275 number which they're calling from so you can be confident who they are.  
1276  
1277 A: Thank you.  
1278  
1279 Q: All right (Nicky), thanks.  
1280  
1281 A: Have a good one.  
1282  
1283 Q: You too, bye-bye.  
1284  
1285 A: Bye.  
1286  
1287 Q: The time is 11:41, I'm gonna stop the recording.
